St. George, Utah, September 22, 2008 — Strata, the company adding power of 3D to the designer's toolset, announced that it has entered into a partnership with MediaSoft Integration Pte Ltd. MediaSoft, a leading distributor of new technology and designer tools, has over 150 resellers around the Asia Pacific region.

MediaSoft CEO Jaishankar Dubey said about the partnership "Strata is a very established company and is one of the oldest and most reliable brands in 3D, it is also well-followed in the Macintosh market segment and we are happy to have the product within our distribution portfolio.

Strata GM Dennis Derrick also added "Strata is pleased to work with a market leader such as MediaSoft. MediaSoft and Strata share the same goals, which is to bring powerful, yet easy to use professional design software to the graphic designers and artists in Southeast Asia".
